OZONO AND CEDROLINE.—The new, non-falling and infallible combined treatment for the human hair, length, lustre, life, and beauty. One year ago the directors of the BOSTON CHEMICAL CO., with the sole purpose and intention to produce an absolutely perfect and reliable treatment for the hair, appropriated the sum of \$6,000 for this purpose alone. The services of three of the world's most noted chemists were secured, and, after twelve months of investigation and costly experiments, have successfully formulated a treatment so potent and powerful, yet so harmless and innocuous, that its immediate effects upon the hair border upon the miraculous. This treatment can be used in all faith and confidence, as it is certain to produce results most gratifying, causing the hair to grow long and luxuriant, straight, and of a most delicate and pliable texture. It prevents the tendency of the hair to draw up, contract, curl, and tangle, thus making it easy to dress the hair in any style desired. It causes the hair to grow out on all bald spots, scalp partings, thin places, and bare temples. It is sure to prevent the hair from falling, breaking off, and splitting at the ends. This great combined treatment is now the most wonderful remedy for the hair in the whole wide world.
